

# Skirt Sloper (Block) Supply List

## Sewing Box

A sewing box is recommended if student plans on attending more than one class, and/or has an ongoing interest in sewing.

- \* Pencil and Notepad- useful to take notes and remember helpful hints
- \* Fabric Scissors- important to have scissors that are only used on fabric to keep them sharp
- \* Paper Scissors- scissors for everything else but fabric
- \* See-Through Quilter's Drafting Ruler- essential for pattern alterations, and sewing projects
- \* Long Handle Seam Ripper- they come in all sizes, but one with a long handle is the easiest to use
- \* Long pins w/ glass head- are visible in most fabrics, can be ironed over without melting
- \* Marking Tools- dressmaker chalk, fabric pencils, tracing wheel and paper, disappearing ink, etc.  
Choose the tools that work best on your fabric.
- \* Tape Measure- I like retractable ones because they are tidy, but you can use any Sewing Tape Measure
- \* Thread Snips- useful to keep by your machine or around your neck to cut your threads and keep your project neat
- \* Press Cloth- a clean scrap of muslin or white cotton in your kit will ensure your project stays clean while you are pressing it
- \* Machine Needles- choose needles appropriate for the fabric and machine
- \* Seam Guide- for measuring hems
- \* Hand Sewing Needles, Thimble, and Beeswax- for any hand sewing required during project
- \* Bobbins- please bring bobbins appropriate for the machine you will be using in class; whether it is your personal machine or one from Piedmont Sewing School.
- \* Regular, Zig Zag, and Zipper feet- if your are bringing your own machine
- \* If you are bringing your own machine, please bring the manual- you can print most manuals online if you don't have one.

## Project Supplies for Creating your own Sloper

- \* 3-5 yards unbleached, unwashed muslin
- \* See-Through Quilter's Drafting Ruler- I find having two of these helpful; choose one extra-long one for long seams, and a second shorter one that is easier to move around your pattern.
- \* Hip curve Ruler- creates smooth curves and can connect to straight lines seamlessly
- \* Thread
- \* 3-5 Yards Pattern paper
